

Overview

Since 2009, The Diocesan Investment Trust of New York ("DIT") has been managed by the Commonfund OCIO Group. This comprehensive investment management program provides investment management advisory, and middle office services to clients. It is a collaborative approach, encompassing all aspects of portfolio management, including investment policy review, portfolio construction, total portfolio monitoring, rebalancing, risk management and reporting.

Commonfund OCIO brings together the accumulated best thinking and investment management practices of Commonfund. The OCIO program is designed exclusively for nonprofit institutions that seek to improve all aspects of the management of their portfolios – providing guidance where needed in policy formulation, while focusing support on the resource-intensive implementation and execution of investment policies. Our dedicated professionals work with each client to design, tailor and implement an investment program that meets their specific needs. In doing so, the OCIO Group helps to strengthen the fiduciary role of a client's Trustees by providing Investment Committee members the time to focus on strategic policy issues. The program is designed to serve as an extension of a client's investment staff and Investment Committee (not a replacement of), and as a resource to the institution's Trustees.

The main objective of DIT is to achieve growth in principal value (spending) over time sufficient to preserve or increase purchasing power, thus protecting against inflation. DIT invests in a diversified portfolio of strategies inclusive of traditional and non-traditional (alternative) investments through a diversified manager approach.

Similar to DIT, Commonfund is a signatory to the Principles for Responsible Investment (PRI). As such, Commonfund affirms its corporate commitment to the importance of environmental, social and governance investment issues. Oversight is maintained by Commonfund's Board of Trustees and CEO to monitor investment strategy and implementation to ensure compliance with Commonfund's ESG Policy and adherence to the PRI's six Principles. Please see www.commonfund.org and <https://www.unpri.org>.

As of June 30, 2023 Commonfund OCIO managed approximately \$12.3 billion for 86 nonprofit clients.

Asset Allocation Detail | As of June 30, 2023

Cumulative Performance (Growth of \$100) | 4/30/09 - 6/30/2023

Past performance is not indicative of future results. Unless otherwise indicated returns are net of all fees and expenses and reflect reinvestment of earnings.

QTD Performance Drivers as of June 2023

The DIT portfolio (+3.3%) was in line with the policy benchmark (+3.3%) for the quarter through June.

Performance Drivers

-Alternatives: Global Absolute Alpha Company (+1.5%) outperformed the Bloomberg Barclays U.S. Aggregate Bond Index (-0.8%), providing an uncorrelated source of return to the portfolio during a volatile period for core fixed income. Core Real Estate (-2.0%) outperformed the NCREIF ODCE (-3.5%) through March 31 as diversification away from traditional commercial real estate sectors (ex. retail and office) helped relative performance.

-Private Capital: Private investments (-1.5% through March 31) underperformed the MSCI ACWI (+6.2%) during a strong Q2 for public equity markets. Since the DIT's first private capital investment in August 2020, the portfolio has returned 30.5% annualized relative to the MSCI ACWI +11.0%.

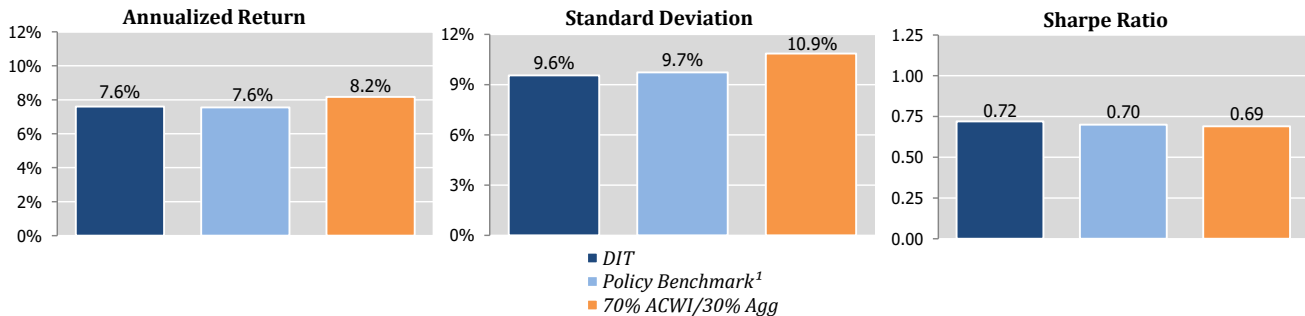

Commonfund Portfolio Positioning and Point-of-View*

- **Equities (underweight):** 1% underweight relative to target, neutral to regional weights relative to MSCI ACWI
- **Fixed Income (overweight):** 1% overweight core fixed income relative to target, neutral to duration, underweight Treasuries, overweight corporates and mortgages
- **Alternatives (Neutral):** neutral to real assets and hedge fund strategies

*Commonfund rebalances the portfolio to the point-of-view at quarter-end. Positioning may differ from point-of-view due to intra-quarter market movement.

Performance Summary

Fiscal Years (December 31)	DIT Endowment	Policy Benchmark ¹	CPI+Spend ²	70/30 ACWI/Agg	Annualized Performance	DIT Endowment	Policy Benchmark ¹	CPI+Spend ²	70/30 ACWI/Agg
2022	-12.22%	-13.11%	10.46%	-16.59%	QTD	3.31%	3.31%	1.67%	4.06%

2012	11.08%	10.67%	5.83%	12.65%					
2011	-4.03%	-1.59%	7.09%	-2.68%					

Risk & Return Summary | 4/30/2009 - 6/30/2023

Definitions
Standard Deviation

Statistical measure of the degree to which an individual value in a probability distribution tends to vary from the mean of the distribution; the larger the standard deviation, the greater the degree of dispersion around the average value.

Sharpe Ratio

Risk-adjusted measure, calculated using standard deviation and excess return to determine reward per unit of risk. The higher the Sharpe ratio, the better a fund's historical risk-adjusted performance. Determined according to the following formula: excess return over 91 day T-Bill divided by portfolio's standard deviation. This is an absolute return risk measure. Higher Sharpe ratios are more attractive than lower Sharpe ratios

² **Spending Policy**

*Spend = 1.0% distribution each quarter, which equals approximately 4.06% annually
